Overall Length:

3.750 inches

Overall Height:

1.500 inches

Overall Width:

3.000 inches

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Operating Control Method:

Manual

Installation Design:

Mobile

Control Type:

Local

Circuit Construction Type:

Solid state

Special Features:

10mhz - 2.6ghz; lcd display; 4 battery operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
