End Application:

L3 communications

Product Name:

Products distribution system-light.(pds-l)

Special Features:

The design of the pds-l communications system meets mission requirements to support deployed miso forces. It meets the essential communications needs of small teams by providing on demand high capacity bandwidth necessary for disseminating miso audio and video products. Pds-l terminals connect miso war fighting elements to their respective headquarters and provide them with an interface to the global information grid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A23800
