Unpackaged Unit Length:

478.000 millimeters

Unpackaged Unit Width:

105.000 millimeters

Unpackaged Unit Height:

496.000 millimeters

Usage Design:

Monitoring and live recording

Unpackaged Unit Weight:

5.3 kilograms

Product Name:

16-channel mixer with compression

Special Features:

Power consumption: 30w; 16 input channels; 8 insert i/o; 6 compressors; 6 busse (stereo+4 groups) ; 12-seg led level meter; rack mountable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
