Product Name:

Electronic switch box

Special Features:

The x600-24ts is one in a series of high performance gigabit ethernet switches targeted at the edge of the network due to its high levels of network security; the switch offers high levels of flexibility, featuring 24 copper and 4 sfp fiber ports for connectivity, and the option to stack up to 4 devices; vcstack provides excellent resilience ensuring minimal network downtime by re-routing traffic should network failures occur, while allowing a stack of switches to be managed as a single entity; further network resilience is also provided with the use of optional redundant power supplies

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A32200
