Overall Length:

19.000 inches

Overall Height:

1.750 inches

Overall Width:

7.000 inches

Basic Shape Style:

Rectangular or square

Attenuation In Decibels:

0.8

Overall Gain:

78.0 decibels

Product Name:

Biamp mic/line mixer

Special Features:

Pwr consumption less than 7 watts, weight-6 lbs, output impedance balanced 200 ohms, maximum main output24bdu, power requirements-115/230vac 50/60hz, see tech data for add. Specs.

Supplementary Features:

Compliance with eas48-2005 grounding and emc practices eu directive 2002/95/ec, rohs directive, ce marked ul listed power source

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
