End Application:

Cath lab equipment

Product Name:

Mac-lab it; hemodynamic recording system

Special Features:

Data analysis tools; end-to-end workflow optimization; recording, collecting, analyzing and storing data and generating reports; interfaces with x-ray systems; uploads demographics the the imaging system; supports acc-ncdr cathpci registry and icd registry; customs forms data up to 5000 user-defined fields to be configured for data entry; comprehensive data export to ge and 3rd party registry and data management systems; medical use system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiiig:

A23800
