Environmental Protection:

Shock resistant and vibration and weatherproof

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Circuit Construction Type:

Solid state

Product Name:

Cage: illinx hardened industrial converter

Special Features:

Rugged ip30 rated metal panel mount enclosure; rs-232 to rs-422/485 conversion; 3-way isolation, 2 k v on data ports and power circuits; d89 connections for rs-232; terminal block connections for rs-422/485; 10-48 vdc input power; iec 60068-2-6 compliance to 4g vibrations; iec 60068-2-27 compliance to 50g shocks; meets iec 61850 reqs for electrical substations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
