Radio Frequency Power Divider - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5895-01-600-1421

Overall Length:
1.250 inches
Overall Width:
0.750 inches
Product Name:
Resistive power divider 0 deg
Special Features:
Also available with bnc, tnc, f and n connectors; output is two-way; port configuration: output= 1, 3; input= 2; frequency range (ghz)is dc
4; insertion loss (db max) is 6.5; amplitude balance (db max) is 0.4; phase balance (deg max)is 3; vswr maximum is 1.40: 1
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
