Overall Length:

5.000 inches

Overall Height:

3.400 inches

Overall Width:

0.860 inches

Circuit Construction Type:

Solid state

Product Name:

Gigabit ethernet media converter 1000base-t to 1000base-sx/lx

Special Features:

6-position switch: sw1: remote fiber fault detec (down-enabled), sw2: symmet ric pause, sw3: asymmetric pause, sw4: transparent link pass through (up-enabled), sw5: fiber auto-negotiation (down-enabled), sw6: loopback (down-enabled) ; power consumption: 5.4watts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
