Overall Length:

2.000 inches

Overall Height:

2.000 inches

Overall Width:

0.750 inches

Frequency Rating:

Between 500.0 megahertz and 2000.0 megahertz

Voltage Standing Wave Ratio:

1.2

Insertion Loss In Decibels:

0.25

Coaxial Connector Series Designation:

N

Power Rating:

10.0 watts peak

Output Quantity:

2

Product Name:

Power splitter/combiner

Special Features:

-55 to 100 c operating temp; applications include uhf, gps, cellular, pcs/dcs, comms systems, and instrumentation; 50 ohms

Terminal Type And Quantity:

3 connector, coaxial, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512n0
