Special Features:

The ris hf low probability of intercept/low probability of detection (lpi/lpd) legacy coupler case consists of: sg-235 antenna coupler, antenna base nsn 5985-00-944-2885, and coupler interface box. Case is a component of the radio integration system (ris), nsn: 5895-01-559-5994.

Width: 22 inches, height: 13 inches, length: 32 inches, weight: 103 pounds.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
