Case Material:

Plastic

Maximum Voltage Rating In Volts:

12.0 dc and 24.0 dc

End Application:

Boat, harbor security, 33 feet, 33hs1106

Inclosure Type:

Encapsulated

Terminal Location:

Back

Power Source:

External

Mounting Method:

Base

Terminal Type And Quantity:

2 jack

Product Name:

Lenco control box

Special Features:

Model no 123scdb; single actuator system 12 and 24 volt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
