**Overall Length:**

20.470 inches

**Overall Height:**

7.700 inches

**Overall Width:**

14.020 inches

**Environmental Protection:**

General purpose

**Basic Shape Style:**

Rectangular or square

**Inclosure Type:**

Encased

**Installation Design:**

Mobile

**Circuit Construction Type:**

Solid state

**Product Name:**

Analog and digital radio test platform

**Special Features:**

For additional details go to the website [www.Aeroflex.Com](http://www.Aeroflex.Com)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
