Overall Length:

11.275 inches

Overall Height:

1.375 inches

Overall Width:

7.25 inches

Ac Voltage Rating:

120.0 volts 1st operating power rqmt

End Application:

An/fsn-7

Special Features:

Up to 9600 baud data transmission speed; frequency shift key modulation; four-wire, long-range unit; distance up to 40,000 feet; 16-gauge steel with mounting flanges; weight of 3.5 lbs; operating temperature range is 0 degrees celcius to 60 degrees celcius; wall transformer provided with 120 vac; dc power rating 21-28 vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-d
