Overall Height:

45.0 millimeters

Overall Width:

440.0 millimeters

Average Life Measurement:

Years

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encapsulated

Product Name:

Switch 4210 pwr 26-port

Special Features:

Depth: 430mm, weight: 6.09kg, performance: 8.8 gbps switching capacity (max), 6.6 mpps forwarding rate (max), switch fabric bandwidth: 19.2 gbps, wirespeed performance across ports in full mesh configuration, store-&-forward switching: latency <10us, connectors: 23 10 base-t/100 base-tx ports & 2-dual-personali type 10/100/1000 or sfp ports, 10/100 & 10/100/1000 ports are auto-negotiating, configured as auto-mdi/mdix, rj-45 console port, ieee 802.3af in-line power on all 10/1000 ports (pwr model). Power supply: ac line frequency: 50/60 hz, input voltage: 90-240 vac, current rating (ac) 8.0a, operating temp: 0 to 40c, standard: en 60068 (iec68), reliability (mtbe@25c): 46-49 years.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
