**Overall Height:**

1.0 inches

**Overall Width:**

4.3 inches

**Operating Temperature Range:**

-32.0 to 104.0 degrees fahrenheit

**Basic Shape Style:**

Rectangular or square

**Inclosure Type:**

Hermetically sealed

**Circuit Construction Type:**

Electromechanical

**Switching Rate Per Second:**

10

**Indicator Device Type And Quantity:**

6 light

**Product Name:**

5-port 10/100 mbpc fast ethernet switch

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
