Overall Height:

1.0 inches

Overall Width:

4.3 inches

Operating Temperature Range:

-32.0 to 104.0 degrees fahrenheit

Basic Shape Style:

Rectangular or square

Inclosure Type:

Hermetically sealed

Circuit Construction Type:

Electromechanical

Switching Rate Per Second:

10

Indicator Device Type And Quantity:

6 light

Product Name:

5-port 10/100 mbpc fast ethernet switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
