Overall Length:

5.0 inches

Overall Height:

1.0 inches

Overall Width:

5.0 inches

End Application:

Tass

Current Rating:

120.0 milliamperes

Voltage In Volts And Current Type:

28.5 dc

Product Name:

125khz versatile proximity card reader

Special Features:

Operating temp is -22f to 150f; 10-28.5 vdc; reverse voltage protectionincluded; environmental ip code is 54; housing material is ul94 polycarbonate; cable distance for wiegand interface is 500 feet

Color:

Gray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
