Usage Design:

Infrared temperature (irt) sensor is used to measure cloud base temperature.

Product Name:

Irt assembly (kt-15)

Special Features:

The assembly included the irt, mounting bracket, and blackbody and irt window digital temperature sensors. Length: 18.110 in; width: 5.905 in; height: 5.905 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
