Terminal Quantity:

26

Terminal Type:

Wire lead

Board Material:

Plastic

Width:

2.000 inches

Thickness:

0.125 inches

Length:

5.600 inches

Mounting Method:

Through hole

Component Quantity:

13

Assembly Construction Method:

Mounted on terminal board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
