Section Quantity:

1

Body Style:

Cylindrical bushing mounted

Reliability Indicator:

Not established

Shaft Style:

Round

Terminal Location:

Rear end

Mounting Method:

Standard bushing

Features Provided:

Humidity proof

Standard Taper Curve Per Section:

A single section

Terminal Type And Quantity:

3 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A002a0
