Terminal Quantity:
4
Terminal Type:
Pin
Width:
0.750 inches
Length:
0.950 inches
Mounting Method:
Terminal
Component Quantity:
4
Component Controlling Agency:
Sylvania electronic systems
Component Name:
Connector plug assembly.
Assembly Construction Method:
Mounted between terminal boards
Component Relationship:
Matched for resultant resistance
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

T172-f
