Board Material:

Any acceptable

Width:

Between 1.770 inches and 1.830 inches

Thickness:

0.063 inches

Length:

Between 12.790 inches and 12.850 inches

Mounting Method:

Printed circuit terminal

Component Quantity:

2

Component Identifying Number:

65099 drawing no.

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
