Terminal Quantity:

20

Terminal Type:

Solder stud

Component Quantity:

26

Component Controlling Agency:

Mcdonnell douglas corporation mcdonnell aircraft division

Component Name:

Resistor

Component Identifying Number:

Mde322170 drawing no.

Assembly Construction Method:

Mounted on terminal board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
