Reliability Indicator:

Established

Terminal Surface Treatment:

Platinum

Terminal Length:

1.500 inches

Body Outside Diameter:

0.250 inches

Body Width:

0.005 inches

Terminal Diameter:

0.012 inches

Maximum Operating Temp:

150.0 degrees fahrenheit

End Application:

Measuring set, temperature-dew point, an/tmq-20

Inclosure Type:

Encased

Precious Material:

Platinum

Style Designator:

Disk

Terminal Type And Quantity:

2 wire lead

Fsc Application Data:

6660-00-017-0006, sensor mount, p/n 100925

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A086a0
