Terminal Quantity:

1

Terminal Type:

Concentric

Overall Height:

Between 0.080 inches and 0.120 inches

Overall Diameter:

Between 1.440 inches and 1.560 inches

Mounting Configuration:

One 0.300 in. Min diameter hole in center of item

Element Material:

Silicon carbide

Resistance Temperature Rating:

90.0 degrees celsius

Power Dissipation Rating In Watts:

0.750

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-d
