Voltage Sensitive Resistor - Page 1 of 1

**Terminal Quantity: Terminal Type:** Concentric **Overall Height:** Between 0.080 inches and 0.120 inches **Overall Diameter:** Between 1.440 inches and 1.560 inches Mounting Configuration: One 0.300 in. Min diameter hole in center of item **Element Material:** Silicon carbide **Resistance Tempurature Rating:** 90.0 degrees celsius **Power Dissipation Rating In Watts:** 0.750 Shelf Life: N/a Unit Of Measure: Demilitarization: No Fiig: T172-d
