Terminal Quantity:

2

Terminal Type:

Metallic coated surface

Overall Depth:

0.750 inches

Overall Diameter:

1.000 inches

Mounting Configuration:

Mounting data recessed ends for clip mtg

Element Material:

Silicon carbide

Resistance Rating At Specificationified Voltage:

200000 ohms at 200 vdc, 1 megohm at 100 vdc

Resistance Tempurature Rating:

131.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-d
