| Terminal Quantity:               |
|----------------------------------|
| 4                                |
| Terminal Type:                   |
| Wire lead w/lug                  |
| •                                |
| Component Quantity:              |
| 4                                |
| Component Controlling Agency:    |
| American electronics inc         |
| Component Identifying Number:    |
| 443-0957-481 part no.            |
| Assembly Construction Method:    |
| Mounted on printed circuit board |
| Component Relationship:          |
| Matched to each other            |
| Shelf Life:                      |
| N/a                              |
| Unit Of Measure:                 |
|                                  |
| Demilitarization:                |
| No                               |
| Fiig:                            |
| T172-f                           |
|                                  |
|                                  |
