**Terminal Quantity:**

2

**Terminal Type:**

Wire lead

**Overall Length:**

0.900 inches

**Overall Diameter:**

0.490 inches

**Element Material:**

Silicon carbide

**Resistance Rating At Specificationified Voltage:**

5000 ohms at 175 vdc, 325000 ohms at 325 vdc, 50 megohm at 50 vdc

**Special Features:**

Leads withstand a 5 pound pull in a direction coaxial with the lead without breaking the solder joint or pulling leads loose

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-d
