**Section Quantity:**

1

**Body Style:**

Cylindrical servo mounted

**Reliability Indicator:**

Not established

**Shaft Style:**

Round

**Actuator Type:**

Single shaft

**Fragility Factor:**

Moderately rugged

**Mounting Facility Quantity:**

1

**Mounting Method:**

Threaded hole

**Features Provided:**

Humidity proof

**Standard Taper Curve Per Section:**

A single section

**Special Features:**

Gear 2; resistor 1; 8/0 taper pin 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**
