Mounting Method:

Through hole

Component Quantity:

4

Component Controlling Agency:

Military specifications

Component Name:

Resistor

Component Identifying Number:

Rcr07g750js part no. And rnr60j2001fm part no. And rnr60j1001fm part no. And rnr60j1431fm part no.

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
