**Terminal Quantity:**

4

**Terminal Type:**

Pin

**Board Material:**

Any acceptable

**Width:**

2.950 inches

**Length:**

5.375 inches

**Mounting Method:**

Printed circuit terminal

**Component Controlling Agency:**

Buord dept of navy

**Component Identifying Number:**

1641902 drawing no.

**Assembly Construction Method:**

Mounted on terminal board

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T172-f
