Terminal Quantity:

4

Terminal Type:

Pin

Board Material:

Any acceptable

Width:

2.950 inches

Length:

5.375 inches

Mounting Method:

Printed circuit terminal

Component Controlling Agency:

Buord dept of navy

Component Identifying Number:

1641902 drawing no.

Assembly Construction Method:

Mounted on terminal board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
