Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Height:

0.438 inches

Overall Diameter:

0.500 inches

Mounting Configuration:

Terminal mtd

Element Material:

Silicon carbide

Resistance Rating At Specificationified Voltage:

43400 ohms at 52 vdc, 51600 ohms at 48 vdc, 73500 ohms at 44 vdc

Resistance Temperature Rating:

77.0 degrees fahrenheit

Special Markings:

Special markings, white body w/brown dot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-d
