| Towns and the Coefficient Of Projectors of the Pour Box Don Coloins |
|---------------------------------------------------------------------|
| Tempurature Coefficient Of Resistance In Ppm Per Deg Celsius:       |
| -500.0/+500.0                                                       |
| Electrical Resistance:                                              |
| 18.000 megohms                                                      |
| Resistance Tolerance In Percent:                                    |
| -2.000/+2.000                                                       |
| Ambient Tempurature In Deg Celsius At Full Rated Power:             |
| 70.0                                                                |
| Ambient Tempurature In Deg Celsius At Zero Percent Rated Power:     |
| 150.0                                                               |
| Tempurature Range Of Tempurature Coefficient In Deg Celsius:        |
| -55.0/+150.0                                                        |
| Inclosure Method:                                                   |
| Encapsulated                                                        |
| Terminal Type:                                                      |
| Wire lead                                                           |
| Reliability Indicator:                                              |
| Not established                                                     |
| Terminal Length:                                                    |
| 1.250 inches                                                        |
| Body Diameter:                                                      |
| 0.312 inches                                                        |
| Body Length:                                                        |
| 4.500 inches                                                        |
| Power Dissipation Rating In Watts:                                  |
| 5.000 free air                                                      |
| End Application:                                                    |
| An/fps-85                                                           |
| Special Features:                                                   |
| T.O. 31p1-2fps85-24; n/h/a rf amplifier                             |
| Style Designator:                                                   |
