**Terminal Quantity:**

42

**Terminal Type:**

Stud

**Mounting Method:**

Holes

**Component Quantity:**

36

**Component Controlling Agency:**

Naval ordnance systems command

**Component Name:**

Resistor

**Component Identifying Number:**

2300634 drawing no.

**Assembly Construction Method:**

Mounted on printed circuit board

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
