Terminal Quantity:

3

Terminal Type:

Solder lug

Overall Length:

0.700 inches

Overall Width:

0.312 inches

Base Material:

Metal

Accommodated Ferrule Diameter:

0.312 inches

Locking Device:

Not included

Mounting Method:

Any acceptable

Resistor Quantity Accommodated:

1

Distance Between Ferrules:

0.203 inches

Clip Material:

Metal

End Stops:

Not included

Surface Treatment:

Chromium and nickel

Surface Treatment:

Chrome-nickel plated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T386-b
