Resistor Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5905-01-075-6426

Overall Height:
0.806 inches
Mounting Method:
Through hole
Component Quantity:
8
Component Controlling Agency:
Military specification
Component Name:
Variable nonwire wound resistor
Assembly Construction Method:
Mounted between terminals
Component Relationship:
Not matched
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
