Terminal Quantity:

10

Terminal Type:

Wire lead

Board Material:

Plastic, arc resistant

Width:

2.250 inches

Length:

3.500 inches

Mounting Method:

Holes

Mounting Configuration:

Four 0.188 diameter mtg holes spaced 3.000 in. By 1.562 in. Mtg centers

Assembly Construction Method:

Mounted between terminal boards

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
