Resistor Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5905-01-092-1877

Width:
1.375 inches

Thickness:
0.625 inches

Length:
4.000 inches

Component Quantity:
6

Component Name:
Fixed composition resistor

Assembly Construction Method:
Mounted on terminal board

Component Relationship:

Shelf Life:

N/a

Unit Of Measure:

Matched for resultant resistance

Demilitarization:

No

Fiig:

T172-f
