**Terminal Quantity:**

38

**Mounting Method:**

Printed circuit terminal

**Component Quantity:**

28

**Component Controlling Agency:**

General electric

**Component Name:**

Terminal board assembly

**Assembly Construction Method:**

Mounted on terminal board

**Component Relationship:**

Not matched

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
