Terminal Quantity:

8

Mounting Method:

Terminal

Component Quantity:

5

Component Controlling Agency:

Martin marietta corp.

Component Name:

Terminal board assembly

Component Identifying Number:

627d01150 part no.

Assembly Construction Method:

Leads soldered to terminals

Component Relationship:

Connected matched pair

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
