Terminal Quantity:
8
Mounting Method:
Terminal
Component Quantity:
5
Component Controlling Agency:
Martin marietta corp.
Component Name:
Terminal board assembly
Component Identifying Number:
627d01150 part no.
Assembly Construction Method:
Leads soldered to terminals
Component Relationship:
Connected matched pair
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
