Mounting Method:

Bolt

Component Quantity:

2

Component Controlling Agency:

U.S.Army tacom

Component Name:

Connected matched pair

Component Identifying Number:

12296911 drawing no.

Assembly Construction Method:

Mounted on panel

Component Relationship:

Connected matched pair

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
