Overall Length:

2.000 inches

Overall Height:

4.030 inches

Overall Width:

1.200 inches

Mounting Configuration:

Two holes in bracket 1.060 in c to c

Assembly Construction Method:

Mounted between I-brackets

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
