**Overall Length:**

2.000 inches

**Overall Height:**

4.030 inches

**Overall Width:**

1.200 inches

**Mounting Configuration:**

Two holes in bracket 1.060 in c to c

**Assembly Construction Method:**

Mounted between I-brackets

**Criticality Code Justification:**

Zzzy

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
