**Width:**

2.000 inches

**Overall Length:**

4.030 inches

**Overall Height:**

1.200 inches

**Overall Width:**

2.000 inches

**Length:**

3.470 inches

**Mounting Method:**

Holes

**Mounting Configuration:**

Holes spaced 1.060 in c to c

**Assembly Construction Method:**

Mounted on terminal board

**Criticality Code Justification:**

Zzzy

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
