Width:

2.000 inches

Overall Length:

4.030 inches

Overall Height:

1.200 inches

Overall Width:

2.000 inches

Length:

3.470 inches

Mounting Method:

Holes

Mounting Configuration:

Holes spaced 1.060 in c to c

Assembly Construction Method:

Mounted on terminal board

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
