**Overall Length:**

10.500 inches

**Overall Width:**

5.250 inches

**Assembly Construction Method:**

Mounted on terminal board

**Criticality Code Justification:**

Zzzy

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
